

FLEET OF WAR CRAFT AND CRACK YACHTS OPEN CAPE COD CANAL

Sail Through New Waterway
and Return—New Yorkers
Join in Celebration.

BUZZARDS BAY, Mass., July 29.—A fleet of Government torpedo-boat destroyers and submarines, private yachts and excursion boats gathered here to-day for the passage through the Cape Cod Canal, which was to mark the formal opening of the new waterway connecting Buzzards Bay with Cape Cod Bay. At the head of the fleet was the yacht Scout, owned by August Belmont of New York, president of the company which constructed and will operate the canal.

The fleet passed through the canal to the eastern entrance in Cape Cod Bay and then returned. The formal exercises were held here this afternoon, with addresses by Mr. Belmont, Gov. Walsh, Congressman Thomas C. Thacher, representing the Cape Cod district, and others. Large parties from New York, Boston and Newport participated in the celebration.

Among the yachts in the fleet were J. E. Morgan's Corsair, E. C. Benedict's Onida, Morton F. Plant's Thelma, Mrs. E. H. Harriman's Sultana, Walter Lutzgen's Lina and F. D. Underwood's Alice. On board one of the destroyers was Rear-Admiral Austin M. Knight, commandant of the naval training station at Newport.

Prior to the passage of the vessels through the canal many of the visitors went to Sandwich to attend the celebration of the 25th anniversary of the town. On the programme for addresses at the open air exercises were Mr. Belmont, former Gov. Curtis Gould and Frank H. Pope, State Auditor. An elaborate parade was held, with floats depicting various events in the history of the cape.

WIFE GONE FROM HIS SIDE WHEN HE AWOKE IN NIGHT

Still Missing From Sheephead Bay
Home and Little Clothing
With Her.

Thomas E. Davis, county surveyor of Scranton, Pa., woke in his summer home at No. 1206 Avenue R, Sheephead Bay, at 3 o'clock this morning and found his wife had left his side. Half an hour before she had been sleeping soundly. Mr. Davis went through the house and found no trace of her. Of her clothing only a blue, brown and white bathrobe and bed-room slippers were missing.

The Sheephead Bay police started a search for Mrs. Davis. She was described to them as forty-five years old, 5 feet 3 inches in height, weighing 130 pounds, with blue eyes, brown hair and gold teeth in both upper and lower jaws. She underwent an operation in St. Mary's Hospital three months ago and sometimes, since then, according to her husband, has been subject to deep melancholy.

HEFFERNAN TO SING SING.

Justice Blackmar Refused Certificate of Reasonable Doubt.

James Heffernan, twenty-four years old, convicted of assaulting Mrs. Clara Elliott, who will be seventeen years old in September, was taken to Sing Sing today to serve the sentence of not less than three years or more than five imposed by Supreme Court Justice Scudder. His two sisters saw him at the Queens County Jail, Long Island City, before he left.

Denial by Justice Blackmar of Heffernan's application for a certificate of reasonable doubt yesterday temporarily halted his fight to escape prison, but his counsel plans an appeal to the Appellate Division. Charges brought against District Attorney Matthew J. Smith in connection with his handling of the Elliott case are before Gov. Glynn.

The funeral will be held at his late residence to-morrow evening and the interment will be in the Lutheran Cemetery on the day following.

August Furniture Sale with Initiative A Chapter on SERVICE

Four-Piece Adam Mahogany Bedroom Suite,
\$267.50 from \$345

This once humble word "Service" has now become ennobled. Great businesses rate their value to the public in terms of their greater capacity for giving service. And service nowadays is but another name for EFFICIENCY.

Test the Service (Efficiency) of This Furniture Sale Along Two Lines

First, in the Furniture itself

In the Furniture specially collected for this August Sale you will find—

SERVICE of beautiful lines. Faultless in their fidelity to the originals, of the old English, Dutch and French masters, or merely originals by the best modern designers.

SERVICE of perfect finish. Some kinds of furniture are "eye servants"—polished where it shows, neglected where it doesn't. GIMBEL Furniture, no matter how moderate in price, is carefully finished inside as well as out.

SERVICE of sound construction. Probably 95% of the Furniture on our floors for this Sale is GIMBEL Furniture; that is, specially built for us. That mere fact assures its durability;

in the woods that enter into it and in the way these woods are put together. It is the sort that heirlooms are made of—pieces your children and your children's children will be proud to possess. Of "jobs" and picked-up lots there are practically none.

SERVICE of moderate prices. We do not hold our furniture ever at fancy figures. It is marked at a fair market price, based on a buying power which has few equals in this country. During August these prices are reduced from 10% to 50%—without exception; thus your savings are absolutely determined. And for the good furniture we sell they are very much worth while.

Second, in the Plan of the Sale

SERVICE of convenient arrangement. By grouping together furniture of certain kinds and certain woods we make it easier for you to compare and save greatly in time and footsteps, for this great furniture floor—the largest, we believe, in unbroken sweep—is two city blocks long and one block wide.

SERVICE of plain figures. Each piece bears its August price tag on which the old price and the August

price are plainly given. And, just as truly as two and two make four, so \$10 from \$15 leaves \$5—you can figure your saving in a jiffy.

SERVICE of expert salesmen. We have gathered a picked force, better equipped than ever before to answer questions about the furniture, its periods and finishes, its availability for your purpose, deliveries and prices. And the General Information Station in the centre of the floor is always ready to respond to queries.

Tomorrow Will Be the Third
